FAMILY STATEMENT

We will not ask for your personal financial information or income. Our goal is to make it possible for your child to be a part of our TPC family and benefit from nature based learning. We are more interested in the reason why you chose Torrington Preschool Center and how you feel this school could benefit your family. We simply ask that you explain these key points below and feel free to add additional pages as necessary.

I acknowledge that is an application for grant money that was a gift to Torrington Preschool Center from generous individuals for the purpose of giving children a quality education. It is at the discretion of the school director, donor and assessment of family need as to who receives grant money.
